

Best Practices 2016-2017

- A green and Eco-friendly environment is maintained through tree plantations round the year in addition to 2500 Eucalyptus trees and beautiful garden in the front area of the college building.
- World environment day is observed through NSS.
- Garden in the front area of the college building has been maintained by the gardener.
- Herbal and kitchen garden was developed.

Campus Maintenance:

- College use to clean and regular plantation to maintain green campus with the help of NSS Volunteers.

- Promoting out-of-the-box learning with improved analytical ability in students using ICT-enabled teaching for advanced learner.
- Constant guidance and mentoring of students by Career Counselling cell help the students for proper placement.

- Imbibing a sense of discipline, leadership, secularism, adventure and selfless service in the minds of students, special winter Camps are arranged by NSS and NCC.

Special Winter Camp:

- Special winter camp is organized by NSS units each and every year with NSS volunteers to develop the leadership and helpful mind of the students

- In addition to the usual classroom teaching students are encouraged to participate in various activities like N.S.S and N.C.C., sports, etc.

Cashless Campaigning

- The awareness about the cashless transaction and its usefulness was propagated among the shopkeepers by the NSS Volunteers.

Helping Poor students for Literacy:

- As the college is surrounded with economically backward classes, so our students use to give the free education to their nearest children.

Sustainable Agriculture Practice Awareness:

- As the students are maximum belongs to agricultural family, so an awareness programme was held to know about sustainable agriculture practice and development of agricultural technology.

First Aid Camp:

- NSS team regularly arranges First aid camp in the college premises as well as surrounding villages for primary treatments.
