CURRICULAR ASPECTS		
1.1 - Curricular Planning and Implementation		
1.1.1 - The Institution ensures effective curriculum delivery through a well planned and documented process		
<p>We follow the syllabus and academic calendar as provided by our affiliating University. At the start of every academic session, each department holds an internal meeting where the relevant syllabus is distributed among the faculty members, and the class</p>		

routine is finalized. A meeting of the Teachers' Council is also conducted where, among other things, the schedule of internal examinations is also discussed and finalized. To familiarize the newly admitted batch with the structure of the syllabus an orientation seminar is also conducted by each of the departments through online mode for their respective students. Students are encouraged to attend their classes regularly as a part of internal examination marks were to be awarded on the basis of the regularity of attendance.

1.1.2 - The institution adheres to the academic calendar including for the conduct of Continuous Internal Evaluation (CIE)

Since our college is affiliated to Vidyasagar University, the academic calendar is prepared and notified by the University at the beginning of the academic session and our college strictly adheres to the same. In-keeping with the academic calendar prepared by the university, our college authority also prepares an academic calendar for the college by incorporating few modifications as per necessity. This academic calendar comprises of the dates of commencement of classes and examinations viz. the semester wise schedule for CBCS courses of the college, the date of commencement of classes, schedule of the college internal assessments, tentative schedule of University examinations etc.. Holidays and other activities and celebrations/observances by the college are also included in the academic calendar. The academic calendar is discussed in the departmental meeting of each department and also in the teachers' council. It is then distributed among all teaching faculty and non-teaching staff of the college. Delivery of lectures, completion of syllabus and conduction of examination are held in accordance with this academic calendar.

1.3 - Curriculum Enrichment**1.3.1 - Institution integrates crosscutting issues relevant to Professional Ethics, Gender, Human Values, Environment and Sustainability into the Curriculum**

Our college follows the curriculum as provided by Vidyasagar University to which we are affiliated. Within the curriculum several aspects in relation to Professional Ethics, Gender, Human Values, Environment and Sustainability can be identified. Some of the courses of our undergraduate programmes like Philosophy, Sanskrit, Bengali, and Environmental Studies do contain the desired elements. Two courses of the undergraduate programme in Philosophy, namely Indian and Western Ethics cater to Human values and Professional Ethics. The course on Environmental Awareness and Taittiriyaopanisad within the undergraduate curriculum of Sanskrit raises awareness on environment and human values respectively. Within the undergraduate curriculum of Bengali, the courses,

namely Charjapad, Birangana, and Muktohdhara explore various aspects of human values, gender equity and environmental issues. Finally, the section on Environmental Policies & Practices within the curriculum of the compulsory course on Environmental studies delivers various aspects on Environmental Ethics.

2.2 - Catering to Student Diversity

2.2.1 - The institution assesses the learning levels of the students and organizes special Programmes for advanced learners and slow learners

Since the offline classes was locked in the academic year 2020-2021 due to Covid-19 pandemic, our faculty members conducted their classes in the online mode only. Similarly, internal assessments were also conducted in the online mode after which our faculty members were able to identify the most advanced as well as slow learners. After further probing we came to know that a section of students were slow learners due to their poor attendance while another section was genuine slow learners. For both the categories of slow learners, however, special tutorial classes were organized. On the other hand, the advanced learners were provided superior reference materials and online materials.

2.3 - Teaching- Learning Process

2.3.1 - Student centric methods, such as experiential learning, participative learning and problem solving methodologies are used for enhancing learning experiences

Our college has an adequate system for experiential learning, participative learning and problem solving methodologies for enhancing learning experiences. However, during the academic year 2020-21, due to the Covid-19 pandemic a major number of classes were conducted in the online mode. Since conducting practical classes as well as field based project were not practicable, we were not able to impart a wholesome experiential learning. However, our faculty members tried their best to impart practical learning in the online mode. Also for the departments who usually conduct field based work, teachers shared their previous year's experiences with the current students.

2.3.2 - Teachers use ICT enabled tools for effective teaching-learning process. Write description in maximum of 200 words

Our college has one smart classroom for effective teaching as well as delivery of presentations. Besides this, the majority of our departments have been provided with one desktop computer and a mini laptop. These tools are frequently used to impart presentations to our students apart from the usual classroom based pedagogy.

It's worthwhile to mention here that during the academic year 2020-21 due to the corona pandemic carrying out the usual mode of classes was not practicable. As a result, our teachers had to shift to the online mode of curriculum delivery. Both our teachers and students had to adapt to the virtual mode of classes using

their personal internet service and online applications like google meet, zoom, cisco webex etc.

2.5 - Evaluation Process and Reforms

2.5.1 - Mechanism of internal assessment is transparent and robust in terms of frequency and mode. Write description within 200 words.

At the beginning of every academic semester our college prepares an academic calendar following the schedule provided by the affiliating university. The tentative dates of the internal assessments meant for evaluating academic progress of students are stated in the calendar itself. Accordingly, our faculty members carry out their teaching assignments and conduct internal evaluations roughly around the allotted dates. However, due to the corona pandemic, following strict government regulations all educational institutions were prohibited from taking classes in the usual physical mode. Both teachers and students had to migrate to the online mode of curriculum delivery. Accordingly, the mode of internal assessment was also redesigned. Teachers prepared the question papers for their respective subjects which were then sent

to WhatsApp group prepared for communicating with the different classes of students. On the other hand, students accessed the question papers from their respective WhatsApp group, wrote their answers on A4 sheets of papers, scanned the completed answer sheets and thereafter sent the scanned sheets to the respective teachers via email. The received sheets were evaluated by the teachers and the marks scored by the students were submitted to the marks submission portal prepared by our affiliating university.

2.5.2 - Mechanism to deal with internal examination related grievances is transparent, time- bound and efficient

For a section of students who failed to attend the internal examination on schedule dates or those who wanted to reappear for the test in an attempt to score more satisfactory marks, the internal examinations were rearranged on request.

2.6 - Student Performance and Learning Outcomes

2.6.1 - Teachers and students are aware of the stated Programme and course outcomes of the Programmes offered by the institution.

The syllabus for the undergraduate students is designed by the Board of Studies of our affiliating university. The Programme and Course outcomes of each of the programmes are stated in the respective departmental web pages of our college website for perusal of the students. The faculty members too state the course outcomes before the start of each course.

2.6.2 - Attainment of Programme outcomes and course outcomes are evaluated by the institution.

We assess the attainment of POs, PSOs, and COs in a number of ways. Continuous internal evaluations are conducted throughout the semester to test the grasp of the students over the subjects. Students are asked to appear for written internal exams, viva-voce and home-assignments. In some cases, they are also encouraged to give presentations in their class under the subject teacher's supervision. Such periodic evaluation also gives ample scope for identifying slow learners. Once identified, the reasons for their poor performance are ascertained and due care is provided so as to uplift their level of understanding at par with their peers. Each semester terminates with an End Semester Examination where the comprehensive ability of students is best understood. The End Semester Examination is always a written examination and the question paper is set by the affiliating University. Some of the subjects, mostly from science stream and few from Humanities and Social Sciences also have a part on practical evaluation which requires the students to demonstrate their skills and dexterity on the applied aspects of the subjects. We try our best to keep track of our students and gather data on their progress toward higher education and employment status.

3.3 - Extension Activities

3.3.1 - Extension activities are carried out in the neighborhood community, sensitizing students to social issues, for their holistic development, and impact thereof during the year

It was a tough time for human beings around the world. Due to COVID-19, lockdown situation was going on. In this situation our NSS volunteers actively participated in online and offline awareness programme by poster, distribution of mask, sanitizer to the surrounding villages. Also, they helped the poor people with food.

Some online webinar has been arranged within this year also. On 01/12/2020, a webinar has been organized by NSS units of the college on the occasion of World Aids day where Prof. Ranjit Kumar Chowdhury and Dr. Mithu Phaujdar have delivered their valuable speech. The NSS units of the college have organized a webinar on the occasion of National Youth day. Two invited speaker Swami Kalikananda Puri and Prof. Dr. Srutinath Chakraborty presented their valuable experience with the students on that day. The World Environment Day (05/06/2021) was celebrated by our NSS units through the online mode via Google meet link. On 21/06/2021, our NSS units have organized a webinar on "Necessity of Yoga in everyday life". The speakers were World famous Sun Yogi Umashankar Maharaj and Professor Dr. Swadesh Ranjan Pan.

INFRASTRUCTURE AND LEARNING RESOURCES

4.1 - Physical Facilities

4.1.1 - The Institution has adequate infrastructure and physical facilities for teaching- learning. viz., classrooms, laboratories, computing equipment etc.

By virtue of rural location, our college is endowed with a fairly large campus with an area of 18.86 acre. Our campus encompasses academic building(s), a boy's hostel, a girl's hostel, a canteen, and the remaining area is dedicated to green cover with more than five thousand trees of Eucalyptus, Akashmoni etc. Academic building has thirty classrooms out of which few are equipped with ICT facilities. The college has five laboratories with adequate equipment, a library with adequate number of reference books and an active NLIST subscription, and a computer room furnished with sufficient numbers of desktops for our students. A large playground adjoining the main building has a critical importance for the students taking NCC, NSS, physical education and sports enthusiasts. A fairly equipped gymnasium is also maintained which is open for students in non-class hours. For recreational purposes of our students and teachers we have also maintained a badminton and a basketball court. Each department has been allotted a separate furnished space and a desktop computer with internet connection so as to enable the faculty members make productive use of their non-class hours. A well-furnished seminar hall has been recently completed for arranging seminars and workshops.

4.1.2 - The Institution has adequate facilities for cultural activities, sports, games (indoor, outdoor), gymnasium, yoga centre etc.

A large playground with an area of 8300 sq. meter (approx) adjoining the main building is used by the students taking NCC, NSS, physical education and sports enthusiasts. A fairly equipped gymnasium (2080 sq. ft.) remains accessible to students and staff during non-class hours. A badminton and a basketball court is maintained for recreation of our teachers and students. For holding cultural programs our college has three rooms with fairly large seating capacity. Despite having adequate facilities for cultural activities, sports, games, and other related amenities, the session 2020-21 being pandemic affected, the available facilities could not be utilized.

The library is automated using Integrated Library Management System (ILMS)

i. Name of ILMS Software: Software for University Libraries (SOUL)

ii. Nature of Automation: Partially

iii. Version: 2.0

iv. Year of Automation: 2015

Library Automation

The library is partially automated using Integrated Library Management System (ILMS) SOUL 2.0 developed by INFLIBNET. The automation of Library services started in 2015 A range of library housekeeping activities including cataloguing, spine label and barcoding of books, stock verification, generation of binding list, etc. are done through this software. The library also provides online access to the catalogues (OPAC) available within the library premises.

The college library has been equipped with 6 computers including a server computer for the smooth functioning of the library activities and services. The library has a separate website (URL: <https://vsmlibweb.wordpress.com/>) for easy dissemination of library information and e-resource services along with a separate library tab integrated with the college website.

4.4.2 - There are established systems and procedures for maintaining and utilizing physical, academic and support facilities - laboratory, library, sports complex, computers, classrooms etc.

Proper management of the available infrastructure plays a complementary role in the growth and development of any educational institution. Areas and facilities requiring repair or replacement are identified and noted by the building sub-committee. After consulting with the Governing Body, the relevant work is accomplished by hiring repair services viz. plumbing, carpentry or masonry, on a daily wage basis or on a contract basis. In case of requirement of laboratory equipment or repair and replacement of computers, printers, scanners, photocopying machines the respective HoD/Coordinator places the list of requirements to the Principal who forwards the list to the Finance committee for further processing. Subsequently, the equipment is purchased or repaired either by tendering or from the lowest bidder after inviting quotations from vendors. The playground and the gymnasium of the college are regularly monitored by the Physical Education Department. The software for managing library books and records is regularly upgraded by the librarian. Cleaning and sanitation of the campus, departmental rooms, and classrooms are done by sweepers and cleaners every day before opening of the college.

GOVERNANCE, LEADERSHIP AND MANAGEMENT

6.1 - Institutional Vision and Leadership

6.1.1 - The governance of the institution is reflective of and in tune with the vision and mission of the institution

At the start of each academic session, the academic committee of our college prepares an academic calendar following the schedule provided by our affiliating University. Accordingly, the routine committee prepares the class routine to be followed by all the

departments of the college. The NCC and NSS units of our college help in developing human values, morality, and character among our students besides their usual set of training. The career counseling cell takes an initiative of raising the level of awareness among the students on different avenues of employment. Other sub-committees like the magazine, admission, and examination look after their respective fields. The Teacher's Council takes an initiative in the formation and management of all the different committees. All the committees work under the directions provided by the IQAC of our college. Students are informed and encouraged to apply for a number of scholarships provided by government and non-government sources. We also have been able to operationalize the Mentor-Mentee System whereby each mentor is allotted a set of students to provide help, support and necessary guidance. At the end of the academic session the details of all activities are reported to the Governing Body of our college.

File Description	Documents

6.1.2 - The effective leadership is visible in various institutional practices such as decentralization and participative management.

The college authority encourages decentralization of activities at various levels. Various sub-committees are constituted where one or two teachers are assigned as conveners for smooth functioning of academic and infrastructural developments. As per the recommendation of the Teachers' Council, one or two teachers are also assigned as in-charge for different units of student union. N.S.S. Advisory committees and N.S.S. programme officers of four units look into various extension activities and social services. Departments are also engaged with various activities as instructed by the college authority. The departments are governed by the respective Heads. Plan of academic and infrastructural development for the college are discussed in the Teachers Council (T.C.). Representatives from students, teachers, administrative-support staff, government and affiliating university etc. are included in various subcommittees and the Governing Body. Thus participative management is ensured by including representatives from various stakeholders in the committees, IQAC and G.B. of the college. The plan of development thus prepared are placed in IQAC and finally to the Governing Body (G.B.), the highest statutory body of the

college.

6.2 - Strategy Development and Deployment

6.2.1 - The institutional Strategic/ perspective plan is effectively deployed

In pursuance of our previous trends we had shortlisted a number of developmental tasks to be accomplished by means of a year-long strategy for the academic year 2020-21 too. However, the persistence of COVID-19 pandemic for a major period of the academic year 2020-21 and the successive government notifications requiring lockdown of college premises for academic activities rendered little scope for sticking to our long term developmental initiatives.

Our major plans were to:

- i. Successfully conduct online classes and internal examination; and
- ii. Collect and compile a list of free and open access e-resources for the perusal of our students.

Deployment

i. Ours' being a college located in a remote area of the Jhargram district, orienting students towards the online mode of teaching was an enormous challenge. Our faculty members devoted additional efforts in mobilizing the students into various whatsapp groups, conducting a major part of the academic activities in the online mode.

ii. Collect and compile a list of free and open access e-resources from various sources and displayed the list in the library website. Following the UGC recommendation we plan to subscribe e-resources (e-books and e-journals) for providing online library services in near future.

6.2.2 - The functioning of the institutional bodies is effective and efficient as visible from policies, administrative setup, appointment and service rules, procedures, etc.

Decentralization and participative management is adequately reflected in the organogram of our college. Our college is government-aided and affiliated to Vidyasagar University. Accordingly our functioning across various dimensions is regulated by agencies like UGC, Ministry of Education, WBHED, and Vidyasagar University. The college is headed by Principal who supervises the internal administration. The Principal, in turn, reports to the Governing Body-the apex policy making body-constituted as per the West Bengal Universities and Colleges (Administration and Regulation) Act, 2017.

A number of sub-committees consisting of both teaching and non-teaching staff as well as students (wherever applicable) have been constituted to manage various activities of our college.

The IQAC, Finance Committee, and Academic sub-committee are formed by the Governing body, which look after quality assurance, financial decision making, and academic activities respectively. Teachers Council is also a statutory body and looks after the welfare of teachers so as to aid in smooth functioning of college. To manage the overall activities of college, a number of other sub-committees are formed in the meeting held by the Teacher's Council.

6.3 - Faculty Empowerment Strategies

6.3.1 - The institution has effective welfare measures for teaching and non-teaching staff

As both the teaching and non-teaching staffs are the pillars of all academic institutions; provision of adequate welfare measures for them is imperative. In this regards, we have the following welfare measures:

The Service Book committee initiates and updates the service books of all employees wherein an account of all sorts of leaves and details of promotions received are systematically documented.

- A dedicated P.F. sub-committee looks after P.F. advances and withdrawals and the associated interest credited in the employees' account books.

- The IQAC, besides supervising its usual academic administration,

plays a pivotal role in career advancement of faculty members by verifying and processing the CAS related paperwork of the incumbent.

- The non-teaching employees are provided their promotional benefits on completion of 7/10/20 years of service on the consent of Governing Body and due approval of the DPI.

- Faculty members are encouraged to participate in Seminars and Workshops as well as to undertake Doctoral research at institutions of repute. Such endeavors are promoted by allowing leaves as per statutory and Government provisions.

The college provides a monthly advance to newly recruited employees on permanent post till their official procedure of pay-fixation is complete.

6.3.5 - Institutions Performance Appraisal System for teaching and non- teaching staff

The institution takes into account the attendance and the number of leaves taken up by the staff for their performance based appraisal. For the full-time teaching staff, serving at the level of Assistant Professor, a performance based appraisal system is

already operational following the prescribed UGC guidelines under Career Advancement Scheme (CAS) which takes into account: attendance, number of classes taken, as well as, other curricular, extracurricular and administrative duties performed. On the other hand, for the State Aided College Teachers (SACT) and non-teaching staff, a satisfactory service for a stipulated period renders him/her eligible for a higher slab.

6.4.3 - Institutional strategies for mobilization of funds and the optimal utilization of resources

As of the current academic year, our institution has two major sources of financial inflow. First, is the Grants-in-Aid received from the State Government which is utilized for payment of salaries to the employees. Second, is the revenue generated out of tuition fees--half of the same is remitted to State Government--and a number of other fees which is utilized for augmenting college facilities.

A dedicated Finance Sub-committee headed by the Principal with the assistance of Bursar and Accountant ensures rational use of the available financial corpus. This committee plays a critical role in finalizing the annual budget of our college. It's needless to mention that the said committee functions under the supervision of the Governing Body. All major procurements are carried out following standard practices like inviting tenders/ quotations etc. from different vendors. As a move towards, greater transparency we are encouraging the use of digital payment as far as practicable.

6.5 - Internal Quality Assurance System

6.5.1 - Internal Quality Assurance Cell (IQAC) has contributed significantly for institutionalizing the quality assurance strategies and processes

The Mentor-Mentee system initiated on the recommendation of IQAC was found to be effective in terms of establishing proper communication with the students especially during the pandemic

period. Besides resolving their class and attendance related anomalies, the system helped in smooth conduct of online admission and online examination within prefixed schedules.

The faculty members were encouraged to attend online webinars, short term courses, and faculty development programmes so as to upgrade themselves. Also they were encouraged to conduct webinars and other student related activities.

6.5.2 - The institution reviews its teaching learning process, structures & methodologies of operations and learning outcomes at periodic intervals through IQAC set up as per norms and recorded the incremental improvement in various activities

For a systematic conduct of online classes as well as to maintain a proper record of the number of classes and student attendance an MoU was signed with Times of Internet on the recommendation of IQAC. The MoU was on the provision of one Learning Management System (LMS) from the concerned organization.

The IQAC takes an initiative to collect the online feedback from the passing out batch of students on a number of services and facilities of our college. The collected feedback is computer processed and the subsequent inference generated is discussed and adequate measures are initiated for the improvement of the required areas.

7.1.8 - Describe the Institutional efforts/initiatives in providing an inclusive environment i.e., tolerance and harmony towards cultural, regional, linguistic, communal socioeconomic and other diversities (within 200 words).

As our college is located in the remote district of Jhargram cultural, regional, and linguistic diversity is relatively minimal. A major portion of students are from Mahata community followed by students from Bengali community. A small proportion of students are from Santali community which is a primitive tribe traditionally residing in Jhargram and the adjoining state of Jharkhand. The college celebrates Santali diwas every year on 22 December to commemorate the acceptance of Santali language in the Indian constitution.

7.1.9 - Sensitization of students and employees of the Institution to the constitutional obligations: values, rights, duties and responsibilities of citizens

Our college celebrates Independence Day and Republic Day to commemorate the day of our nation's independence and formation of democratic republic respectively where students are taught to respect our nation's flag and national anthem. The Department of Political Science usually takes an initiative to sensitize our

students on various aspects of our constitution by organizing youth parliament. For the academic session 2020-21, however, the youth parliament could not be organized due to the corona pandemic led prohibition of classes in the physical mode. Apart from these activities our college organizes a number of activities, as listed in the attachment, to inculcate the values, rights, duties and responsibilities of citizens as enshrined in our constitution.

7.2 - Best Practices

7.2.1 - Describe two best practices successfully implemented by the Institution as per NAAC format provided in the Manual.

Best Practice 1: Plantation Drive

To raise awareness among our students on the medicinal properties of herbal plants, sensitize young minds about preservation of forests, as well as to improve the overall aesthetics of our college, we organized a number of plantation drives at various points of time. Seeds and saplings for medicinal plants were obtained from the Block Development Office as well as the local Panchayat Office and were planted in an empty space in front of our girls' hostel. For observing Van Mahotsav, saplings for mango, guava, sal, eucalyptus, jackfruit etc. were obtained from the nearby forest office and were planted at appropriate locations.

Best Practice 2: Webinars on issues of contemporary relevance

To provide relevant exposure to our students, our faculty members from across six departments as well as the career counseling cell and the NSS organized a number of webinars on issues of relevance. Our faculty members initiated the practice of webinars on topics which would potentially interest our students. Resource persons from institutions of repute (state, national & international) were invited for delivery of lectures in a language which is easy to comprehend by our students enrolled in undergraduate courses.

7.3 - Institutional Distinctiveness

7.3.1 - Portray the performance of the Institution in one area distinctive to its priority and thrust within 200 words

- Poor and meritorious students are supported financially.
- Motivated students for Higher education are guided by the concerned teacher.
- Sports and cultural committee identify the talented students by arranging cultural /sports competition and recommend them for participation in higher level events.
- Most of the students are first generation learners. NSS and NCC, have taken the challenge to develop the confidence level of these students.
- Career counselling cell is dedicated to provide them proper guidance and exposures of job opportunities.
- Hostel fees are very low so that students from remote area can afford, stay and continue their education.

Grievance cell collects address student grievances and provides proper counselling .

Access to the library and office is available in the office hours.Representatives from students· union take their active participation in different student related activity their suggestions are incorporated as far as possible.

A large green campus which spreads around 18 acres is another distinctiveness of our college. Students actively participate to maintain and develop forestry within the campus. Gardening and

plantation of trees are important regular activities of the NSS of our college.
