Sub: Prayer for excavation of Pond for WDS at Vivekananda Satavarshiki Mahavidyalaya,
Manikpara, Jhargram

Sir,

I would like to bring to your kind notice that our college is in Manikpara—a remote village in the Jhargram district. Our college is a co-educational institution with near about 2000 students. We also offer hostel facility for both boys and girls with cumulative seat capacity of 100. Our college has an area of about 18.86 acres. Apart from the college buildings a large portion of our area is under forest cover with a variety of trees. We would like to request you to make necessary arrangement for excavation of a pond.

The excavated pond would serve three major purposes:

1. It would fulfil the water requirement of our college during periods of acute shortage.
2. It would be useful for conducting 4-years Bachelors of Fishery Science Course as prescribed by our affiliating University.
3. The water resources can also be used for irrigation of agricultural fields surrounding our college area.

I shall remain ever grateful if you could kindly consider our case.

Thanking you

Your sincerely

This will be a pivotal step towards generating sustainable renewable energy and will enable us to maintain an environment friendly campus at our college. This implementation of solar power will provide significant long-term financial savings for our college, which will also be immensely beneficial towards achieving accreditation from NAAC (2nd cycle).

Therefore, I request your honour to consider my above prayer as early as possible and oblige.

Thanking you,

Yours faithfully,

Subject: Application for opening a study centre of Netaji Subash Open University (NSOU)

Respected Sir,

With due regards, we would like to inform you that we are interested in opening a study centre of Netaji Subash Open University (NSOU) in our college. Our college is located in a backward region of the newly formed Jhargram district in West Bengal. The district is dominated by backward communities (SC, ST and OBC) and the dependence on farming as a primary activity is high. Most of the students come from economically poor farm families where they are actively involved in farming. As a consequence their scope to pursue higher education in the regular mode is limited. Additionally, the distance to universities from this area is very far which reduces their chances to avail higher education. However, if allowed a chance, they are interested to pursue higher education in the distance mode. They perceive that a higher level of education would enable them to avail formal employment and also help them better equipped to pursue self employment.

In Jhargram district there is only one NSOU study centre at Jhargram Raj College where both BDP and PG Courses are running. However, the distance from our college to Jhargram Raj College is about 24 Kilometers where regular visit is time consuming and transport is not always available. Students completing their graduation course from our college as well as other colleges like Sankrail A.B.S. Mahavidyalaya, Subarnarekha Mahavidyalaya and Beliabera Government College located at a close proximity would be highly benefitted if a study centre is opened in our college.

Hence I would like to request you to kindly grant permission and take necessary steps to open the Netaji Subash Open University (NSOU) study centre for both Bachelors Degree Programme (BDP) and Post Graduate Degree Programme (PGP).

Yours sincerely
